AUTOMOTIVE

PIE

WE KNOW OUR NUTS & BOLTS.

Our experience and reputation has opened doors for us to work with a multitude of exciting businesses across the Automotive space, from emerging technical solutions and innovative services to more established vendors, OEMs & growth success stories right across the automotive dealer services spectrum.

If you're looking to partner with a business which understands your marketplace & your unique challenges - as well as your not-so-unique ones - we're confident that our no-nonsense approach will surpass your expectations.

ENABLING YOUR SALES ENABLEMENT

PIE's automotive team helps a range of leading businesses, ranging from big corporates to emerging players.

Our network spans the huge marketplace that is Dealer Services. Whether your business sells finance, warranties, digital solutions or logistics, we find the people who'll support your growth, through building high performing, go-to-market teams across Commercial, Marketing & Operations - top down and bottom up.

Our experienced and well networked team has worked successfully as a trusted partner to both founder and leadership teams, helping with individual contributor and leadership hires.

To find out how we can help your business achieve its growth objectives through the hire of key people in the commercial disciplines, contact us for a chat.
